## SUMMARY

### U.S. Seed Exports Total \$62 Million

Exports of U.S. seeds for planting totaled \$62.3 million during July-September 1984, 6 percent below a year earlier. Forage seed exports increased 32 percent to \$15.1 million while vegetable seed exports were up 23 percent to \$24.8 million for the three-month period. Flower seeds more than doubled, totaling \$2.1 million, of which \$1.3 million were shipped to the European Community (EC). Corn seed and grain sorghum seed exports dropped sharply to \$7.3 million, and \$6.3 million, respectively, 61 percent and 20 percent below a year earlier. Soybean seed exports were valued at \$0.9 million for the first quarter of the 1984-85 marketing year.

Mexico continued to be the largest market for U.S. seeds during July-September 1984 even though shipments declined 51 percent to \$12.6 million. Exports to Japan totaled \$6.0 million, an increase of 23 percent over a year earlier. Shipments to Saudi Arabia were very active during this period, increasing 24 percent to \$5.2 million. Exports to Canada, France and Italy were \$3.5 million, \$3.3 million and \$2.7 million, respectively. The EC was an important destination, with U.S. seed shipments totaling \$10.6 million, 37 percent above a year earlier.

Forage seed exports increased 32 percent to \$15.1 million, almost a quarter of total U.S. seed exports for this period. Alfalfa seed exports increased 89 percent over a year earlier, totaling \$4.4 million. Bentgrass, Kentucky bluegrass and ryegrass seeds all increased over a year ago with total exports of \$0.4 million, \$1.3 million and \$2.1 million, respectively. Saudi Arabia was the largest forage seed market with shipments valued at \$3.5 million, 23 percent of forage seed shipments to all destinations. Other major forage seed markets were Mexico, Japan and Italy with totals of \$1.9 million, \$1.6 million and \$1.6 million, respectively. Shipments to the EC increased 24 percent over a year ago to \$3.1 million.

Vegetable seed exports have been very active, totaling \$24.8 million, 23 percent above a year earlier and 40 percent of the value of all U.S. seed exports. Onion seed was the largest dollar earner with exports valued at \$3.3 million, a 77-percent increase over a year earlier. Major onion seed markets were Mexico, Chile, Hong Kong and the Philippines. Tomato seed exports totaled \$2.1 million in value, of which Mexico received almost half. Radish seed exports totaled \$1.9 million and spinach seed \$1.1 million, with Japan the principal market in both cases. Pea seed exports totaled \$1.3 million, 64 percent of which was destined for the EC. Mexico continued as the major market for vegetable seeds, with shipments valued at \$6.4 million, 26 percent of total U.S. vegetable seed exports. Japan was the second largest market at \$3.9 million, followed by Italy and Argentina with \$1.0 million each.

Flower seed exports more than doubled during the three-month period, totaling \$2.1 million. Some \$1.3 million of the flower seed exports were shipped to the EC.

Corn seed exports during July-September 1984 dropped 61 percent below last year to \$7.3 million in value and 85 percent in volume to 2,816 metric tons. Shipments to Mexico were 96 percent below a year ago at 607 tons while shipments to Chile increased 44 percent to 964 tons. Nigeria was a new market for corn seed exports this year, with shipments totaling 700 tons for the three-month period. Exports to Saudi Arabia and South Africa dropped from 3,586 tons and 566 tons a year ago to 4 and 1 tons, respectively, this year.

Grain sorghum seed exports through September declined 46 percent to 6,168 tons valued at \$6.3 million, a drop of 20 percent in value below a year earlier. Venezuela was the largest market, totaling 2,138 tons. Shipments to Mexico declined 73 percent to 1,466 tons. Exports to South Africa and Thailand totaled 324 and 488 tons, respectively.

Shipments of soybean seeds increased 45 percent to 2,344 tons, valued at \$0.9 million for the three-month period.

# FAS Circulars: Market Information For Agricultural Exporters

As an agricultural exporter, you need timely, reliable information on changing consumer preferences, needs of foreign buyers, and the supply and demand situation in countries around the world.

The Foreign Agricultural Service can provide that information in its commodity circulars.

World agricultural information and updates on special FAS export services for the food and agricultural trade all are available in these periodic circulars.

For a sample copy of these reports—which can supply you with the information you need to make sound business decisions—check the box indicated, fill out the address form and mail it today.

To subscribe: Indicate which publications you want. Send a check for the total amount payable to the Foreign Agricultural Service. Only checks on U.S. banks, cashier's checks, or international money orders will be accepted. NO REFUNDS CAN BE MADE. Mail this form to: Foreign Agricultural Service  
Information Division  
Room 4644-S
